Dear Colleagues,

We the members of Bangalore Society of O & G (BSOG) are happy to welcome you for the 20th Karnataka State Obstetrics & Gynaecology Association (KSOGA) Conference being held in Bengaluru on the 4th, 5th and 6th of September 2009.

We salute the sustained efforts of the successive presidents and all of you in strengthening the KSOGA. Karnataka occupies the pride of honour in imparting medical education.

Our agenda begins with this conference and remains unfinished until we help improve the health of women in INDIA – creating a role model in quality healthcare delivery systems.

While we discuss on various burning issues in ObGyn- your active participation and collective interaction will be a source of inspiration to us.

Some see things as they are and ask WHY – we at KSOGA dream of things that never were and ask WHY NOT?

From innovations to implementation in Karnataka we need people like you to walk the talk in demonstrating our commitment and take it to scale in the entire country.

Extending a very warm welcome!

Pushpa Srinivas
KSOGA President
